

4 different centres to get your teeth in to

Town Centre Manager

£25,449 - £30,663 p.a. with performance progression up to £35,877

With 4 retail centres to manage in West Norfolk, this is certainly a role to get your teeth in to. Each centre has its own character and each faces its own challenges as we work to constantly improve and develop them.

Promoting the centres as locations for business, shopping and leisure by working in partnership with businesses and the local communities, you'll ensure each centre is always well-used and retains its vitality.

Excellent interpersonal, communication and negotiation skills, combined with previous experience will be key to your success. Realising the ambitions of 4 significant centres will draw on all of that experience, as you develop and implement promotional and marketing strategies for the centres, both individually and jointly.

Your past successes can be judged by your ability to deliver the long term goals of the local businesses and community, whilst at the same time achieving the council's ambitions. Managing 4 separate centres, all with their own unique flavour will give you the next taste of what your role can offer.
