

LONDONBRIDGE

BUSINESS IMPROVEMENT DISTRICT

Environmental Programme Manager

£45 – 50k per annum + pension contribution

Contract to 31st March 2011 (Secondments Considered)

The London Bridge Business Improvement District Company (LBBC) is a dynamic, small company established in 2006 with a mandate from local businesses to promote, manage and maintain the quality of the local environment. Its core area between London Bridge and Tower Bridge, south of the Thames, has been subject to major regeneration programmes and will experience further dramatic changes as a result of major commercial developments to be realised over the next 5 – 10 years.

We are looking for an experienced manager to develop an innovative environmental programme in partnership with local business, major developers and the statutory agencies. You will enable added value environmental services and community safety initiatives, manage the delivery of a small portfolio of projects, and establish our construction support group.

You should have at least 5 years relevant experience and a proven track record in delivery, together with excellent literacy, IT and communication skills.

The post will be located at 3 Gainsford Street, London SE1 2NE (visit www.londonbridgebid.co.uk).

For further information or an informal discussion about the role please contact Charlene Orr on 020 7407 4701. Secondments will be considered. Applications should include a covering letter and CV and be sent to Charlene.orr@pooloflondon.co.uk.

Closing date for applications: midday 29th January. Interviews scheduled for 8th February.
