Town Centres Team Co-ordinator

One year fixed-term contract

£38,286 - £40,782 per annum

REF: 794/50008707/CE

An exciting opportunity has arisen in our Regeneration Unit for a Town Centres Team Co-ordinator to help transform our approach to the management town centres in the South of our Borough. Building on our excellent track record of working in partnership with businesses, this post will help us transform service delivery through the attraction of inward investment and the improved management of the public realm. It will help shape the Borough in the context of the London 2012 Olympics and developments in the Lower Lea and will contribute to the delivery of our own area action plans in town centre areas.

You will have experience of working in the field of regeneration, preferably in a town centres context, a good understanding of the factors that make successful town centres and the ability to translate policy into action through effective partnership working. Strong leadership skills and management experience will combine with energy, enthusiasm and political awareness to help us deliver town centre management services which are befitting of our location and which our customers and businesses deserve.

The post is for a fixed-term to cover a service review period but may be extended following the completion of the review.
