Chorley is a modern, forward thinking Council with bold ambitions.

Following a decision to re-invest in economic growth, a new Economic Development Section was established, and we have gone up several gears in the last year.

We are now looking to recruit a Town Centre Manager to help deliver an exciting town centre masterplan which will provide a contemporary market town. Supporting a modern markets service in Chorley Town Centre will be an integral part of the job.

You will have 3 plus years experience in town centre or economic development, with the ability to understand complex issues and deliver change.

If you think you have the drive and ambition for this challenging role we would like to hear from you.

For an informal discussion please contact Cath Burns (Economic Development Manager) on 01257 515305.
