Business Improvement District Project Manager

£29,728 - £37,543 pa (Grade F Subject to Job Evaluation)

**12 month contract, with possibility of further extension
by 6 months**

37 hours per week

Solihull is situated in the heart of the country and is now one of the most attractive towns in England, offering a special blend of shopping, dining out, leisure and culture.

Acknowledged as a premier shopping destination, Solihull is home to an outstanding range of retailers from leading department stores to stylish and exclusive independents.

To build on this Solihull Town centre must maintain its position as a premier business and retail location of choice. To help us achieve this we are looking to develop a Business Improvement District (BID), which will deliver the necessary support and funding from the local business community to add to existing town centre funds. Our ambitions are to deliver a range of exciting events to attract business and leisure visitors, an effective marketing campaign, and a clean, green and safe strategy to make Solihull one of the most desirable places to live, work and visit.

The BID Project Manager will be responsible for leading on the development and delivery of a BID submission from the start to a positive vote in 2009. This will involve working with a wide range of stakeholders in the town centre, creating an environment of cooperation and support to ensure a successful outcome.

An excellent communicator and skilled negotiator with the drive and ability to influence others, you will have experience of project management in a town centre environment. Enthusiastic and confident in your approach, you will have good knowledge of partnership working. A high degree of initiative and sound organisation skills will also be vital.

For an informal discussion contact Michele Wilby, Town Centres Manager on 0121 704 8752.
