

Taunton Town Centre Manager / Chief Executive

Due to our current Town Centre Manager / Chief Executive needing to relocate to the eastern side of the county for family reasons, the above vacancy has now unexpectedly arisen.

Taunton Town Centre Company is looking for a new Chief Executive, reporting to a Board of Directors. The Chief Executive holds a crucial position in the affairs of Taunton. The successful candidate will take responsibility for delivering the BID business plan, leading negotiations with stakeholders and partners, attracting inward investment, influencing change, especially in Taunton's ambitious development plans and communicating with the general public and our partners.

Taunton is the county town of Somerset. It is a vibrant and attractive town that punches above its weight. It is one of the South West's few designed Growth Points: as such there are over 45 hectares of town centre land due to be developed over the coming decade: a key element of which is a major expansion of the retail core.

TTCCo was established in 2005 as a company limited by guarantee, charged with delivering coordinating and influencing the management and development of Taunton town centre. In 2007 TTCCo won a positive ballot of over 800 businesses to become a Business Improvement District. Now it has an obligation to deliver the exciting and innovative Business Plan over the next five years.

Applications are welcomed from experienced Town Centre Managers, or other relevant professionals, with a track record of delivery, self motivation and proven partnership credentials.
