

Job Advertisement Acocks Green Village BID Manager

Deadline: Friday 2nd December 2011 at midday

£35,000 pro rata, 4 days per week.

Opportunity to extend to 5 days week subject to generating sufficient additional income.

Five year contract.

Do you have a targeted and business-facing approach balanced with creative and lateral thinking that will inspire high street businesses?

Acocks Green, a suburban centre in Birmingham has just achieved BID status. It is one of the smallest BIDs in the country, but with a great deal to deliver. Already a strong performing centre and with regeneration plans on the horizon, we also have significant new retail development taking place around us. With the BID in place, the business community is committed to 'raising its game'.

Our Town Centre Manager has put us in a great position to move forward with founding BID Directors in place, as well as setting up the legal and administrative infrastructure of the BID. Now we need someone to make our plans a reality.

Your skills and experience could have been honed in a number of different environments but your key strengths will lie in project management, communications and making a little money go a long way.

For an informal chat about the role please contact:

Melinda Brown, BID Implementation Consultant on 07747 865463 or Debby Hunt, Chair of the Interim BID Board on 0121 7061577.

Interviews are expected to take place on Thursday 8th December 2011.
