

City Centre Manager

£31,653 to £39,936

Cambridge is expanding - and it's the perfect place to grow your career! Over the next ten years, more than 12,000 new homes will be built in Cambridge, another 30,000 in the city's catchment area and we have major new retail schemes opening in 2008. All this results in an even greater need to maintain high standards in this vibrant and historic city. We'll look to you to help develop a coherent vision for the City Centre as a local regional and international destination, and to help formulate strategies to improve and enhance its attractiveness and vitality.

You'll act as a catalyst, facilitator and point of co-ordination for all city centre stakeholders, including businesses, the Universities and Colleges, Churches, Residents Associations, voluntary sector groups and members of the public - in delivering the coherent vision. What's more, it will be your responsibility to ensure the effective management, promotion and development of the city centre markets and the control of street trading in the city.

It's an ideal opportunity to build on your experience in a comparable management position and your direct personal experience of innovative partnership and joint venture schemes, including fund raising. You must be capable of influencing and motivating a wide range of local interests at a senior level - and your awareness of commercial, planning, environmental and other issues facing city centres will be of real interest to us.
