

**On behalf of Lutterworth
Town Council and Welland SSP**

Lutterworth Improvement Partnership (LIP) Project Officer

Salary: Scale SO1 - £23,175 to £24,708
Essential car user allowance, flexible hours (37 hours per week)
Fixed Term Contract for 3 years

Lutterworth is an attractive market town in south Leicestershire with a population of just under 10,000. It is strategically situated at the heart of the country's motorway network lying immediately to the west of junction 20 of the M1. The M1/M6/A14 junction is close by as is Magna Park, Europe's largest distribution centre.

Lutterworth is popular not only for its location but also for the good quality of its services and schools and for the charm that it retains as a quintessentially English market town. Lutterworth Improvement Partnership (LIP) has been in existence for four years and has been working to realise the community's vision for the town that emerged from a Countryside Agency funded Healthcheck process in 2002. It has recently been the co-ordinating body in preparing a Vision and Masterplan for the regeneration of the town centre over the next 10-15 years.

We are now looking for someone who is enthusiastic and motivated and who can work with groups and individuals in the community to make a reality of their vision for a vibrant and prosperous Lutterworth. Central aspects of the role will be to deliver the projects that have emerged from the town centre Masterplan & to promote economic development.

Successful partnership working will be key, so excellent communication, negotiation and networking skills are essential. An ability to manage both projects and budgets will also be essential. Experience of town centre management, marketing and tourism development would be advantageous.
