

## Town Centre Manager

Visitor Information Bureau

£35,772 to £39,132, Grade: M&P4, 37 hours per week

Be part of a top team at the South Coast's top destination. Bournemouth's reputation as a world-class destination has been built around its fabulous golden beaches, award winning gardens and impressive leisure and retail offers. An exciting resort to visit and a great place to live and work. But we are not resting on our laurels. The town has ambitious goals to increase trade through the partnership programme of town centre management activities. These include ground breaking projects on Urban Centre Commercial Management and managing the Night Time Economy.

The work is varied and will suit a dynamic individual with the drive to make things happen. You should be educated to degree level, have at least 3 years' proven relevant experience, good interpersonal skills, and be able to influence decisions at a senior level. You will be creative but with the determination and discipline to deliver projects on schedule. If you have the qualities to match this demanding but highly rewarding role, then we want to hear from you.

For an informal discussion regarding this post please contact Mark Smith on (01202) 451706.

Closing date: 4th August 2006.
