

ROTHERHAM INVESTMENT & DEVELOPMENT OFFICE

Town Centre Safety Manager

£26,187 pa (national pay award pending), Full Time, Permanent
• Ref: EDo278

With a £2bn masterplan that will transform the town centre, Rotherham is looking ahead to the future. The Rotherham Renaissance programme is moving rapidly as we embark on the delivery of this masterplan with projects already under way. But in order to create a vibrant town centre we recognise that great places are not created solely through physical development, but by creating a safe and welcome environment for our businesses, visitors and residents. And that's where you will come in.

You will lead the co-ordination of a Town Centre Safety Action Plan, working in partnership with the town centre safer neighbourhoods team and a wide range of public and private partners to reduce incidents of crime, disorder and anti-social behaviour.

With experience of working on crime reduction initiatives within a business crime/community safety or town centre management environment, you'll have a proven track record of partnership and multi-agency working and a knowledge of crime reduction issues within a town centre & retail environment.

An excellent communicator able to use your problem solving and analytical skills to focus on key priorities across both the day and evening economies, you will generate income through the development of a new town centre business watch partnership in order to support future activity.
